

Ukraine Prayer Update – Thursday, June 16, 2022 – Day 113

Praise Reports

Success

- **Bakhmut** - Russian army suffered losses during attacks at Vasylivka-Yakovlivka and Vasylivka-Berestove directions yesterday but today, there are battles along whole contact line at around the Popasna region and particularly in the Bakhmut direction,
- **Southeast Donbas** - Ukrainian military neutralised Russian scout group at Yehorivka-Shevchenko direction

Truth Revealed

- **Leaders** - Emmanuel Macron, Mario Draghi and Olaf Scholz are due to discuss Ukraine's prospects to join the EU when they meet President Volodymyr Zelenskyy as early as Thursday. The European Commission will probably recommend on Friday that Kyiv should be granted EU candidate status, a first step towards membership, according to officials familiar with the discussions.
- **France** - French President Emmanuel Macron said that massacres and war crimes had been committed in the Ukrainian town of Irpin, which he and other European leaders visited before meeting Ukrainian President Volodymyr Zelenskyy.
"It's a heroic city, marked by the stigmata of barbarism," Reuters reports Macron told reporters.
- **Occupied Territory** - Children born in Ukraine's Kherson region since 24 February will automatically receive Russian citizenship, according to a statement by the Russian-imposed authority occupying the region. In the occupied Zaporozhye and Kherson regions of Ukraine, Russian cellular communications from the mobile operator "+7 Telecom" appeared. According to The Moscow Times, since the beginning of June, the operator that replaced the Ukrainian cellular networks has already sold about 200,000 SIM cards in the region. At the same time, local residents complain about the quality of communication, as well as the restriction of access to instant messengers and the blocking of Ukrainian sites. Also now all web traffic is routed through Moscow and its censors.
- **Casualties** - Gen. Mark Milley, chairman of the US Joint Chiefs of Staff confirms public estimates of 100-200 daily Ukrainian military casualties "are in the ballpark of our actual assessments," declines to

offer more specifics for security reasons. Stresses "casualty estimates in war are always extremely difficult" and on if Ukraine's casualties are sustainable: "This is an existential threat. They're fighting for the very life of their country. So, your ability to endure suffering, to endure casualties is directly proportional to the object to be attained"

- **Russian Military** - Russia's combat force in the Donbas is highly likely operating in increasingly ad hoc and severely undermanned groupings, the UK ministry of defence has said in its latest report.
- **Gas** - Energy companies OMV from Austria, Eni from Italy and Uniper from Germany received notices from Gazprom on June 15 about the reduction in the volume of gas supplies. Eni was notified of a 15% supply cut, Uniper a 25% cut. OMV did not say how much supplies would be reduced, but, like Uniper, said it could replace them from other sources. On June 14, Gazprom announced that it would reduce the flow of gas through the Nord Stream 1 gas pipeline by 40% - from the planned 167 to 100 million cubic meters per day. The company referred, among other things, to delays in returning equipment from the repair of the Portovaya compressor station in Vyborg. On June 15, Gazprom announced that due to problems at Portovaya, it would reduce gas pumping to 67 million cubic meters per day (60% of the planned figure). German Economy Minister Robert Habeck called Gazprom's decision to cut gas supplies to the EU politically motivated. In his opinion, in this way Russia is trying to destabilize the European gas market and raise prices. From June 14 to June 16, gas prices on the exchange in Amsterdam rose from 97 to almost 130 euros per megawatt hour. Energy companies OMV, Eni and Uniper previously agreed to a new payment scheme for Russian gas, which involves opening two accounts (currency and ruble) in Gazprombank

Support

- **Leaders** - French President Emmanuel Macron, Italian Prime Minister Mario Draghi and German Chancellor Scholtz have arrived in Kyiv as well as the President of Romania Klaus Iohannis
- **US** - President Biden called President Zelenskyy this morning to discuss the United States' ongoing support for Ukraine as it defends itself against Russian aggression. Secretary Antony Blinken: Spoke today with Foreign Minister Dmytro Kuleba to

discuss continued support for Ukraine from the United States and our Allies and partners. Together, we will help the people of Ukraine defend and rebuild their country. The US is providing another \$1 billion in security assistance for Ukraine, including 18 additional howitzers with tactical vehicles to tow them, 36,000 rounds of 155mm ammunition for the howitzers and two Harpoon coastal defence systems, at the Ukrainians need to support their defensive operations in the Donbas

- **UK** - President Zelensky: In constant contact with prime minister Boris Johnson. Coordinated positions on the eve of important international events. Discussed the situation on the battlefield, Ukraine's defense needs and threats to food security. Also the UK announced that the Patriarch Kirill head of the Russian Orthodox Church will be sanctioned for actively supporting and approving the Russian invasion of Ukraine, and the children's ombudsman for the forced removal of Ukrainian children and their subsequent adoption in Russia.
- **China** - "The United States and Europe have warned China against providing Russia military assistance or systematic assistance with sanctions evasion. We are monitoring China's activity closely," says the @StateDept spokesperson
- **Israel** - The EU and Israel are set to sign a natural gas export deal today that will help to decrease Europe's reliance on Russia. The bloc is heavily dependent on Russian oil and gas exports, relying on Moscow for about 40 percent of its energy imports in 2021. According to Israel's Energy Ministry, a deal with the EU will for the first time allow "significant" exports of Israeli gas to Europe.

Pray Points - Latest

- **Weapons** – Pray for the German, French and Italian leaders today to bring to Kiev heavy weapons and not pressure to concede to Russian demands.
- **Severodonetsk** - Thousands of civilians, including women, children and elderly people, are trapped in Sievierodonetsk with a diminishing supply of food, clean water, sanitation and electricity. An urgent situation is developing in the bunkers beneath the Azot chemical plant in the city, a UN spokesperson said. About 500 civilians believed to be trapped alongside soldiers inside Azot were preparing to flee the city through a possible humanitarian corridor. Serhai Haidai, Ukraine's governor of Luhansk, has said "Fierce battles are fought for every house" in Sievierodonetsk, as Russia continues its attempts to

capture the city in eastern Ukraine. The last bridge connecting Lyschansk with the city has been destroyed and now all communication has been cut off with the defenders, particularly those in the Azot chemical plant where hundreds of civilians are sheltering, the region's governor said on Saturday, after a Russia-backed separatist claimed 300 to 400 Ukrainian fighters were also trapped there. Ukraine has said some 800 people were hiding in several bomb shelters underneath the plant, including about 200 employees and 600 residents of Severodonetsk. Ukrainian lines are holding despite intense Russian artillery fire but that it was now impossible to evacuate people. About 10,000 civilians remained in the city. Governor Haidai: "Silence in Severodonetsk lasts only when guns are reloaded. Street fights continue in the regional center. Russians adhere to their primitive tactics: heavy artillery fire, then - attempts to break through. The same thing happened in the already destroyed Rubizhne and Popasna. The enemy is powerfully pursuing the industrial zone, which we control. If we quickly get western long-range weapons, an artillery duel will begin, the (Russia) will lose to the west, and our defenders will be able to clean up Severodonetsk in two or three days. Evacuation from Severodonetsk is still impossible, as is the transportation of goods. Currently, the hospital has everything necessary to stabilize the wounded." He has also again emphasized that "Russians do NOT control the Lyschansk-Bakhmut route, but constantly storm it. We do not use this road."

- **Zaporozhia** - 34 different Ukrainian positions were shelled in Zaporizhzhia region yesterday. Russian army shelled Malynivka, Temyrivka and Uspenivka with MLRS GRAD. Su-25 planes and Mi-8 helicopters conducted airstrikes at Kamianske and Mali Sherbaky, Ka-52 helicopters attacked Zelene Pole village
- **Kryvyi Rih** - Russian forces bringing more reinforcements at Kryvyi Rih direction
- **Logistics** - In the last 24 hours it is obvious deep in force to destroy logistics - shells, equipment, guns, bombs, food and supplies - in Donetsk before they reach the front
- **Navalny** – on Tuesday, the Russian opposition leader has been moved secretly prison IK-2 in Pokrov, 100km to the northeast of Moscow without notifying any of his people or supporters of where he is being taken. Alexei Navalny said in May that he

could be transferred to the maximum security colony IK-6 in Melehovo in the Vladimir region. "My sentence has not yet entered into force, but the prisoners from the strict regime colony Melehovo (another 150 km further to the east) write that they are equipping a "prison within a prison" for me," Navalny said.

- **Casualties** - Approximately 10,000 Ukrainian soldiers have been killed since Russia's invasion of the country in February, according to a military adviser to Ukrainian president Volodymyr Zelenskyy. He added that the daily numbers of Ukrainian casualties were around "200 to 300 die, no less."
- **Donbas** – Shelling continues incessantly
- **POWs** - Occupation authorities in parts of Donetsk region of Ukraine sentenced POWs, Britons Aiden Aslin, 28, and Shaun Pinner, 48 and citizen of Morocco Saadun Bragim to death. All three were charged under the articles of the Criminal Code of the DPR "Forcible seizure of power or forcible retention of power" and "Mercenary". According to Alexander Nikulin, presiding in the court, the convicts pleaded guilty to all charges. They have a month to appeal the court's decision. All three intend to appeal. One of the lawyers for the convicts, Pavel Kosovan, said that, most likely, foreigners would ask the head of the DPR, Denis Pushilin, for a pardon. UK foreign secretary, Liz Truss, has said the men are entitled to combatant immunity as prisoners of war. "The judgement against them is an egregious breach of the Geneva convention," Truss said. "The UK continues to back Ukraine against Putin's barbaric invasion."
- **Artillery** - "Everything now depends on what [the west] gives us," said Skibitsky, deputy head of Ukraine's military intelligence. "Ukraine has one artillery piece to 10 to 15 Russian artillery pieces. Our western partners have given us about 10% of what they have." Ukraine is using 5,000 to 6,000 artillery rounds a day, according to Skibitsky. "We have almost used up all of our [artillery] ammunition and are now using 155-calibre Nato standard shells," he said of the ammunition that is fired from artillery pieces. "Europe is also delivering lower-calibre shells but as Europe runs out, the amount is getting smaller." Skibitsky emphasised the need for the west to supply Ukraine with long-range rocket systems to destroy the Russian artillery pieces from afar. This week the Ukrainian presidential adviser Oleksiy Arestovych told the Guardian that Ukraine needed 60 multiple-rocket launchers – many more

than the handful promised so far by the UK and US – to have a chance of defeating Russia.

- **Izium** - increased efforts by Russia to move toward Slovyansk and the key transportation routes that keep the east supplied. Russians have now advanced to the southwest outskirts of Bohorodychne.
- **Mariupol** – Now there is a major outbreak of cholera as the officials of the Donetsk People's Republic (DNR) continue to fail to provide the residents of Mariupol with basic social services or quality-of-life assurances. Advisor to the Mayor of Mariupol Petro Andryushchenko stated that DNR authorities are unable to provide water, humanitarian aid, or medical services to residents and that corruption amongst DNR collaborators is further complicating the situation. Head of the DNR Denis Pushilin stated that his priority is restoring the school system in Mariupol despite continual administrative failures to provide even the most basic food and water services.
- **Odessa** - For the first time, such a large grouping of the Russian Navy operates in the Black Sea, which consists of twelve large landing ships of the Northern, Baltic and Black Sea fleets. These BDKs (large landing vessels) are now ready to perform their intended tasks as part of a special military operation." Each BDK can carry up to 25 armored personnel carrier, or 313 infantry or 500 tons of useful goods. All of which can be used in an amphibious landing directly onto the beach. Also Russia still has 6 airborne divisions and two guided missile cruisers, and apparently some control of Snake Island all of which together with consistent attacks on the damaged Zatoka bridge means a real danger of an amphibious assault on the far southeast corner of the Odessa region to build a bridge to the Russian controlled Transdnistria region of Moldova and to encircle Odessa and Mikolaiv.
- **Kharkiv** - continues to face intermittent bombardment that targets civilian infrastructure.
- **Zhytomyr** – A seemingly random attack on an apartment building hundreds of miles from the front might be a part of a larger Russian plan of intimidation, whereby they are contacting Ukrainian soldiers on their cellphones threatening their families by using location data.
- **Negotiations** - Negotiations with Russia will only resume after new weapons arrive from the west and Ukraine's position is "strengthened", said David Arakhamia, a member of Ukraine's negotiation

- group with Russia. Another negotiator, Mykhailo Podolyak, said there was no point in talks with Russia until Moscow's forces are pushed back as far as possible towards Ukraine's borders.
- **Slovyansk** - coming from Lyman near Staryi Karavan, the Russian army is attempting to seize area on the left bank of Sieversky Donets river, to move toward Slovyansk, as well as another force coming from Izyum.
 - **Negotiations** - Representatives of the United States, the European Union and the United Kingdom have been meeting regularly over the past few weeks to discuss a plan to end the war in Ukraine through negotiations. In particular, according to the interlocutors of the TV channel, the Italian plan was discussed. Ukraine does not directly participate in these discussions, which contradicts the statements of the US authorities - "nothing about Ukraine without Ukraine." At the same time, as emphasized, the United States does not put pressure on Ukraine, insisting on a certain plan, and does not push it to negotiate with Russia.
 - **People of the West** – pray that they rise up against their governments and demand they back Ukraine with more than words and do NOT negotiate with Russia, giving Putin land for grain or a ceasefire, rather than a military tribunal for him and the other war criminals.
 - **Belarus** - Lukashenka still has Belarusian armed forces as a part of an organized southern operational command, on the border with Ukraine
 - **Kherson** - There is a threat of flooding in Kherson and Kakhovka due to Russian army actions at Nova Kakhovka hydro power plant - General Staff of Armed Forces of Ukraine. At the same time half the population has fled. And the Russians are actually shelling occupied villages
 - **Black Sea** - Threats of missile strikes, particularly from the sea, remain relevant. The deteriorating weather makes it impossible to land marines and increases the risk of landmines being dumped along the coast. As of 26 May, the enemy naval grouping in the Black Sea of 6 airborne corps and 2 missile ships does not come with any changes in strength or objectives.
 - **Odessa** – Russia still has 6 airborne divisions and two guided missile cruisers, and apparently some control of Snake Island all of which together with consistent attacks on the damaged Zatoka bridge means a real danger of an amphibious assault on the far southeast corner of the Odessa region to build a bridge to the Russian controlled Transdnistria region of Moldova and to encircle Odessa and Mikolaiv.
 - **Luhansk** - the occupiers do not have control of the Lysychansk-Bakhmut route, but they are shelling there, so Ukrainian defenders and volunteers are looking for other ways to deliver supplies to the Ukrainian-controlled territory of the Luhansk region.
 - **Ukrainian Prisoners of War** - There are about 8,000 Ukrainian prisoners of war held in the Russian-backed self-proclaimed Luhansk and Donetsk People's Republics, the Luhansk official Rodion Miroshnik has said.
 - **Unity** - there are movements beginning with Ukraine to begin to blame various people and parties for Ukraine's situation, attempting to create division calling for various people to be charged with corruption, rather than waiting till after the war. Former president Petroshenko's party in retaliation for the difficulties he's had leaving the country to negotiate with the Lithuanians last week, has called for an investigation into why Zelensky and his party did not prepare better for the invasion.
 - **Zaporozhia** - Russian missiles are falling in Zaporizhzhia in what is most likely an attempt to intimidate civilian population ahead of their expected push toward the city. As Russian troops and military hardware continues to gather in preparation for a huge push toward Zaporozhia
 - **Melitopol** – there is a huge partisan movement among the people in this region and they have taken out many railroad bridges and trains.
 - **Ruble** – the Russian currency is surging to 7-year highs, that although artificial indicate that funds are flowing into Russia rapidly (as Europe attempts to refill stockpiles and India and other companies take advantage of discounted oil) meaning that Russia is being kept afloat.
 - **Italy & Germany** – have set up ruble accounts with the EU's blessing to circumvent sanctions and pay for Russian gas
 - **EU** - Hungary continues to block a true oil embargo
 - **IMF** - The head of the International Monetary Fund, Kristalina Georgieva, has said the war in Ukraine has darkened the outlook for the global economy and could result in recession for more vulnerable countries and predicted that 2022 would be a tough year and declined to rule out a global recession if conditions worsened markedly.
 - **Zaporozhia/Kryvyi Rih/Kherson** – Shelling continues as the Russians attempt to move forward and Russia

has blocked all exit from these regions as people line up at the borders

- **Kherson** - Russia is stopping humanitarian aid from reaching hundreds of thousands of people in the region of Kherson, Ukraine said. Doctors could run out of medicine for chronically ill patients in two weeks, a Ukrainian official said. As they implement a ruble zone here it only increases the lack as people do not have rubles to purchase the need supplies.
- **Kharkiv** - Fighting continues in the areas of Ternov and Borshchiv with heavy shelling with the Russians conducting enhanced aerial reconnaissance.
- **NATO** - Even as Finland and Sweden apply to join along, Turkey continues to veto it even as negotiations continue.
- **Snake Island** – Russia is spending a lot of resources to install anti-missile facilities and to protect paratroopers who are holding the island
- **Russian Navy** - Russian Navy - All operating submarines of the Russian Black Sea Fleet went to sea from Sevastopol as seen by the fact that they are targeting military installations in Lviv
- **Fuel** - Russia continues to strike fuel refineries and stores (including in Lviv yesterday) destroying its Ukrainian production capacity and fuel tanks, continuing to create dangerously low availability of fuel, meaning much of Ukraine's economy and food supply could be affected, but also the military and humanitarian aid distribution.
- **Food** - prices soar 60% as India, the world's second largest producer, blocks exports due to low harvest from heat wave. Pray for the world food supplies as Wheat make up 15% of all the worlds calories consumed. And much higher for impoverished countries. Ukraine produces 7% of the worlds wheat and Russia 11% meaning 3% of the entire food supply for the world is cut off, and again a much higher percentage for developing world. While corn makes up 19.5% of global calories and Ukraine produces 2.6% and Russia with 2.3% of world supplies, meaning a further decrease in 1% of the world calorie intake for a total between wheat and corn of 4%. A response to this is that "the Russian invasion is a large shock for agricultural commodity markets, but not historically large. Markets and trade patterns will adjust to absorb it. Farmers around the world will produce more and consumers will cut back or substitute. The transition may be difficult in some places, especially countries such as Egypt that typically rely on wheat from Russia and Ukraine who must be helped to find alternate

suppliers. The UN secretary general, António Guterres, has warned of "a hurricane of hunger" if Ukrainian grain is not exported. The world's 41 least-developed nations import a third of their wheat from Ukraine and Russia. Soaring food prices have already driven inflation levels in Egypt to the highest level since mid-2019.

- **Russian Military** - trying to create panic among the Ukrainian civilian population and to disrupt the supply lines in the rear, but has minimum success on the battlefield.
- **Mines** - Almost half of the territory of Ukraine needs humanitarian demining - this is about 300,000 square kilometers, according to the State Emergency Service. Every day, an average of 2,000 to 6,000 explosive items are seized and rendered harmless in the country. One day of active hostilities is equal to 30 days of demining. For example, it will take about a year and a half to clear mines in the Kyiv region, where the fighting lasted a month. "Spring is coming, overgrown with grass, and in a week explosive devices cannot be installed visually, only devices. A few months later, due to rains, they sink underground to a depth of 3-5-7 centimeters, they are not visible at all, but they are still working," the minister said. (As a sign of what supernatural resolutions can be possible, but during the Vietnam War, the United States strategically placed mines in North Vietnamese waters area that were set to detonate when a ship was in close proximity. In August 1972, a large number of these magnetic mines simultaneously started exploding. Upon investigation, the US found out that the cause of these explosions, which were estimated to be as many as 4,000, were not enemy ships. As it turned out, the culprit was a powerful historical series of solar storms with an extreme solar flare, solar particle events, and geomagnetic storm components hit the Earth.)
- **Testing the West** - multiple alternative narratives are being focus-grouped by politicians - Like assuming Russia taking half of Ukraine is a done deal. Or turning Ukraine into Cyprus - divided state with Chinese soldiers occupying
- **Narrative** – probing attacks from many directions in the media and with politicians continue as they attempt to discover a way to distract, divide or dissuade support for Ukraine and for Russia's total expulsion from Ukraine and for Russian government to be held accountable. Continue to pray for solidarity and truth and those in occupied territories

who are suffering and/or have been deported will be heard and not forgotten or abandoned.

- **Social Media** - Russia's online trolling operation is becoming increasingly decentralized and is gaining "incredible traction" on TikTok with misinformation aimed at sowing doubt over events in Ukraine, a US social media researcher has warned.
- **PTSD** – they are seeing that those fleeing the Russians are holding on for about 10 days and then face complete mental breakdown.
- **6 Russian Key Objectives to Pray Against**
 - Kharkiv - Destroy, Encircle, Capture
 - Izyum – push south to encircle Donbas
 - Slavyonsk and Kramatorsk – in the east to complete a smaller encirclement of the cities
 - Mariupol – completely destroy all opposition and export the populations
 - Zaporozhye - Russian troops are building up forces and building logistics a massive concerted attack
 - Kherson – Russia is facing sabotage from the people but is still attempting to push north toward Kryvyi Rih and west toward Mykolaiv, then to Odessa and to Transnistria and eventually to Moldova.
- **Occupied Conscript** – there is much evidence that Russia is desperately attempting to catch and conscript any and all able men in the occupied regions of Izyum, Kherson & Zaporozhye and force them to fight for them.
- **Deportations** – Russia has deported over 750,000 people from Ukraine to Russia. 134,000 of those from Mariupol alone.
- **Mercenaries** – Continue to pray for all mercenaries to be neutralized in any way!
- **Logistics** - Russia logistical challenges are still problematic even though the supply lines to the Donbas are shorter, and much will depend on the condition of the roads and railways.
- **Refugees** – now 6.5 million have fled Ukraine. Pray for their safety, provision and care.
- **West** – pray that the pressure would continue to mount on western leaders to ban oil and gas imports and to continue to increase meaningful heavy arms donations.
- **Russia** – pray that the emotional need to make a huge statement and reaction to the sinking of Moskva will lead to Russia moving prematurely and without adequate preparation and coordination and thereby dooming their own

assault. Or to make a move that so steels international resolve that it makes supporting Russia impossible even for China and India.

- **Russian People** – pray they understand the Truth and reject the lies they've been told and rise up
- **US** – pray that Lend/Lease gets fast-tracked and raise on the House floor and approved **today**
- **China** – has doubled down and the Russian propaganda and refused to admit the atrocities were committed by Russia or any other point

Pray Points - Continued

- **Ukraine** - Almost two-thirds of Ukrainian children have fled their homes, the UN says. About 4.8 million out of 7.5 million children had to leave their homes, said Manuel Fontaine from UNICEF. He confirmed the deaths of 142 children, but added that the number is "almost certainly higher"
- **Economy** - Ukraine economy to contract 45.1% this year, Russia 11.2%: World Bank
- **Rage** - Pray against rage as videos have come to the four about Ukrainian soldiers summarily executing Russian soldiers. Although they can obviously feel incredibly justified, this is destructive to them and provides ammunition to Russia their attempt to create an alternative narrative in Ukraine.
- **Russian Military** - Russia is sending an 8-mi long convoy of 100s of vehicles, including armored vehicles and artillery southbound through the Ukrainian town of Velykyi Burluk. The convoy is moving about 60 mi east of Ukraine's 2nd-largest city of Kharkiv, as Russia focuses on Donbas. Russian Ministry of Defense claims destruction S-300 SAM at Chuhuiv airbase and Starobohdanovka in Mykolaiv region. Also claimed destruction of National Guard base in Zvonetske of Dnipropetrovsk region
- **TRUTH** – pray that an ever-increasing steady stream of the atrocities committed by the Russians will be revealed and documented to maintain the ever-increasing pressure on political leaders and parties to act with speed, vigor and determination.
- **Russian Lies** – pray that all their various alternative narratives would be revealed as rags and shadows for all to see.

- **Evacuation & Panic** - Ukraine has urged civilians to leave the east of the country “while the opportunity still exists” before a massive Russian military assault that it expects in the coming days. The governors of the Kharkiv, Luhansk and Donetsk regions were calling on people to move immediately to safer areas. “It has to be done now, because later people will be under fire and face the threat of death. There is nothing they will be able to do about it.
- **May 9** - Reports are that Putin needs the invasion successful in time for the Victory Day parades, thereby threatening great attacks over the coming month. Putin would want to have an “announceable success” by then, which could create “some tension” with Russian commanders as exhausted forces were likely to be thrown into battle fairly soon in an attempt to gain ground in Donetsk, Luhansk and Kharkiv. This also is at the end of the 30-day default negotiation period (ending on May 5) meaning incredible pressure is on Russia to achieve victory by then.
- **Europe/US** – pray they will block all gas imports and provide truly meaningful military support.
- **Oil** – Pray that Europe would have the political will to do a complete embargo of Russian fossil fuels (oil, gas, coal, etc.)
- **Occupied** - Many villages completely cut off from all supplies and food and water!
- **Global Food** - there could be a global food crisis as Ukrainian farmers are being forced to limit what they plant due to the war. And also due to the fact that the main ways that they have a reaching global markets through the Black Sea is now blocked by Russia. Russia and Ukraine together produce 25% of all green in the world!
- **Refugees** - According to Polish border guards, more than 2.4 million people have fled Ukraine to Poland . However, supplies have dropped off and now the whole regions are struggling.
- **For the Weak** - Russia has flown more than 300 air sorties over Ukraine in the past 24 hours: senior U.S. defense official
- **Russian Elites** – to turn on one another and on Putin
- **Russian Military** – continuing to press in the north, but the real danger is that Russia seems to preparing for an all-out push in Donbas to encircle

the Ukrainian army and to take the entire region and to create a united front against Ukraine.

- **Russian Soldiers** – pray for their physical, emotional and spiritual well-being and for them to have the courage to face the Truth and the opportunity to receive the Gospel which is the ONLY answer to the atrocities they’ve already committed.
- **Russian Opposition** – that those in the inner circle will see a way out and that Russian Opposition would be able to gather together in a meaningful way
- **The Truth** – In all things that the Truth would be painfully evident and unavoidable in all public discussion
- **Ukrainian Army** - Russia is attempting to encircle the Ukrainian Army in Donbas
- **Russia** – for the people to wake up to the Truth and rise up
- **Putin’s Inner Circle** – to fragment and turn on one another
- **Protection of the Weak**
- **The West** – to not grow numb to atrocities, but be compelled to action
 - **Sanctions** – Loopholes would be closed and sanctions rendered effective
 - **Oil Embargo** – That Europe would make the choice to stop immediately at the very least paying for gas & oil
 - **Heavy Weapons** – provide planes, tanks, heavy artillery and high-altitude weapons

Prayer Encouragement

"Each time, before you intercede, be quiet first, and worship God in His glory. Think of what He can do, and how He delights to hear the prayers of His redeemed people. Think of your place and privilege in Christ, and expect great things!" — Andrew Murray
